EC CERTIFICATE OF FACTORY PRODUCTION CONTROL

0836-CPD – 12/F027

In compliance with the Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive or CPD), as amended, it has been stated that the construction product:

Insulated Concrete Form (ICF) System

placed on the market by

NUDURA® Integrated Building Technology™

NUDURA Corporation
27 Hooper Road
Unit 10,
Barrie, Ontario
Canada
L4N 9S3

and produced in the factory

Les Industries de Moulages Polymax, Inc. (Polymax)

870 Industriel Blvd.
Granby, Quebec
Canada
J2J 1A4

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and that the notified body No 0836 (British Board of Agrément), has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and of the factory production control.

This Certificate attests that all provisions concerning the attestation of factory production control described in the ETA were applied.

ETA 07/0034

were applied.

This Certificate was first issued on 26 November 2012 and remains valid for as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

Signed on behalf of the British Board of Agrément:

Martyn Reed
Operations Director

Date of issue: 26 November 2012

Expiry date: 25 November 2015
